Dear Friends:

On behalf of the Gettysburg Foundation thank you for your contribution of \$100.00 which we received on 2/19/2013.

Each year you, along with tens of thousands of individuals around the United States and the world, share a common goal and passion for the purpose of the national parks at Gettysburg; Gettysburg's relevance to our national history; and its importance to the education of future generations on the lessons of courage and leadership taught during three days in 1863. Your commitment to this effort helps ensure the preservation necessary to guarantee that this part of our vital national heritage will never be lost.

Not only does your support continue the momentum to preserve the Gettysburg battlefield—its monuments, sight lines, and its educational mission—it also enables the Gettysburg Foundation to continue the post World War II legacy of Dwight D. Eisenhower's farm located just to the south of the battlefield. All through your contribution, all with this one individual commitment at a time.

With your support, you continue an unbroken chain of dedicated individuals who insist upon the global significance of this small south-central Pennsylvania town.

For that, we're most sincerely grateful.

Sincerely,

Marie Kuykendall  
Membership Coordinator
